Representatives

May 28, 1999

Members of the House of Representatives:

I am pleased to send you the final end-of-session report prepared by the committee staff of the House of Representatives. This "Summary of Legislation & Budgets Passed by the Washington State Legislature" summarizes all of the bills that passed the Legislature during the 1999 Regular Session. Budget summaries are also provided. The report includes prime sponsors, a brief summary of each measure, a brief explanation of partial vetoes, and the final status of each measure.

If you have any questions about this report or the issues raised during the session, please feel free to call committee staff. For your convenience, a committee phone list is provided on the inside cover of the report.

Please don't hesitate to call me if you have comments or if I can be of any assistance. I can be reached at (360) 786-7102.

Sincerely,

A handwritten signature in dark ink, appearing to read "Ken", is written over a light-colored background.

## **Summary of Legislation**

This report includes all House and Senate bills that passed the Legislature. The bills are listed according to the House Committee to which they were initially referred. If a bill was not referred to a House Committee, the bill is included in the list for the committee to which the bill likely would have been referred. A numerical index is included in the back of the report that lists bills by number.

**Key to  
"Final Status"  
Column**

The "Sine Die Status" column indicates the status of the bill as of Sine Die, including whether the bill was vetoed or partially vetoed by the Governor.

Abbreviations in the column include:

<b>C 55 L 99</b>	Chapter 55, Laws of 1999. This is where the bill will be found in the <u>Session Laws of the State of Washington</u> , which is compiled annually.
<b>Del to Gov</b>	Delivered to the Governor.
<b>Filed Sec State</b>	Filed with the Secretary of State.
<b>Gov Vetoed</b>	The bill was vetoed by the Governor.
<b>Null and Void</b>	The bill included a provision that required the bill be specifically included in the operating budget or it would be "null and void." These bills were not included in the operating budget and are therefore null and void.
<b>Partial Veto</b>	One or more sections of the bill were vetoed by the Governor.

## AGRICULTURE & ECOLOGY COMMITTEE

BILL NO.	PRIME SPONSORS	SUMMARY	FINAL STATUS
HB 1150	Chandler, G., Linville, Cooper	<b>Certifying Planting Stock</b> - Modifies the planting stock laws by granting the Director of Agriculture authority to: require record-keeping; enter and inspect property, premises, and records; enter compliance agreements, publish names of participating growers, and require the notification of buyers regarding test failures; and withhold services in certain instances. Repeals laws authorizing state crop improvement nurseries and a Northwest Nursery and replaces the Northwest Nursery Fund with an account in the Agricultural Local Fund.	C 144 L 99
EHB 1151	Linville, Chandler, G., Cooper	<b>Updating or Repealing Dairy or Food Laws</b> - Extends the termination date of an assessment on milk processed in this state. Alters the milk laws by: requiring sources of milk for processing plants to be licensed or to have out-of-state equivalents of licenses; removing mandatory penalties for certain violations and providing enforcement options; creating new civil penalties; requiring all milking animals to meet animal health requirements; and repealing certain licensure requirements. Alters the composition and duties of the Dairy Inspection Program Advisory Committee. Repeals the Washington Meat Inspection Act, the Washington Wholesome Poultry Products Act, and laws prohibiting imitation dairy products, regulating the sale of oleomargarine, providing for certain inspections of meat storage and sale facilities, and establishing certain standards for bread and hops.	C 291 L 99
HB 1152	McMorris, Chandler, G., Linville	<b>Regulating Private Applicator Licenses</b> - Expands a pilot program authorized in 1997 for pesticide use licensing in Ferry and Okanogan counties by adding Stevens and Pend Oreille counties to the program, extends the program through the year 2004, and adds the new licensing category, "rancher private applicator," to the program. Requires certain cooperative extension service or weed board agreements if the program is to apply in a county. Establishes licensing fees and course-work credit requirements.	C 145 L 99
SHB 1163	Cooper, Schoesler, Linville	<b>Providing for the Safe Decontamination or Destruction of Residential Property Used for Illegal Drug Manufacturing or Storage</b> - Authorizes local health officers to determine when a certified contractor must be used to decontaminate property that has been contaminated by hazardous chemicals associated with the manufacture of illegal drugs. Requires the Department of Health to adopt rules which establish decontamination standards for hazardous chemicals, including methamphetamine, lead, mercury, and total volatile organic compounds. Makes numerous technical amendments.	C 292 L 99
HB 1432	Stensen, Chandler, G., Linville	<b>Expanding the Powers and Duties of the Dairy Commission</b> - Expressly allows the Dairy Products Commission to participate in federal and state agency hearings, meetings, and other proceedings relating to dairies and dairy products and to provide educational meetings and seminars for the dairy industry on such matters.	C 300 L 99

BILL NO.	PRIME SPONSORS	SUMMARY	FINAL STATUS
SHB 1448	Linville, Chandler, G., Cooper	<b>Allowing the Department of Ecology to Assume Primary Responsibility for the Cleanup of State Aquatic Lands</b> - Clarifies that the Department of Ecology has primary responsibility for making remedial action decisions affecting the cleanup of contaminated sediments on state-owned aquatic lands. Authorizes the use of state-owned aquatic lands for the disposal of contaminated sediments or for mitigation projects conducted by third parties. Requires the Department of Natural Resources to issue a use authorization for the use of state-owned aquatic lands for such disposal or mitigation within sixty days of a decision, or concurrence in a federal decision, by the Department of Ecology.	Gov vetoed
HB 1549	Chandler, G., Linville, Mastin	<b>Requiring the Department of Ecology to Extend the Time for Work under a Permit if Water Use Has Been Prevented or Restricted Due to Federal or State Laws</b> - Requires the deadlines stated in a water rights permit for a federal reclamation project to be extended if federal or state laws restrict or prohibit water use under the permit. Applies the conditions of current law for determining the length of time the deadlines are to be extended.	C 400 L 99
HB 1642	Grant, Mastin	<b>Changing Surface Water Permit and Rights Provisions</b> - Allows the Department of Ecology to approve a change in the point of diversion listed in a permit for a surface water right to a point that is an existing intake structure located downstream and that has the capacity to handle the additional diversion, if the ownership, purpose of use, season of use, and place of use of the permit remain the same. Allows this water to be conveyed to the intake structure by means of a natural stream in a neighboring state with the approval of the neighboring state.	C 232 L 99
SHB 1677	Chandler, B., Grant, Chandler, G.	<b>Changing Irrigation District Provisions</b> - Authorizes irrigation districts to assist landowners receiving water from or discharging water to irrigation district facilities in financing conservation measures. Establishes competitive bidding requirements for certain purchases of materials, supplies, and equipment by an irrigation district, but allows the irrigation district to waive formal bidding requirements for purchases which do not exceed \$10,000. Allows irrigation districts to use the uniform vendor list for purchases up to \$50,000 exclusive of sales tax.	C 234 L 99
SHB 1744	Schoesler, Chandler, G.	<b>Changing Lake Outflow Regulation</b> - Allows the majority of the owners of land abutting on a lake (rather than ten or more owners, as currently) to petition a superior court for an order fixing the water level of the lake when there are fewer than ten such owners on the lake.	C 162 L 99
SHB 1747	Linville, Chandler, G.	<b>Changing Conservation District Provisions</b> - Creates a process for cities and towns to withdraw from a conservation district. Standardizes petition requirements and voting requirements pertaining to conservation districts. Deletes the responsibility of the Conservation Commission to assume liabilities from dissolved conservation districts. Allows district supervisors to participate in cost-share payment programs available to other landowners in the district without violating conflict of interest laws.	C 305 L 99

BILL NO.	PRIME SPONSORS	SUMMARY	FINAL STATUS
SHB 1826	Grant, Linville, Mastin	<b>Requiring Appointment of Water Masters in Watershed Management Areas with WRIA Plans</b> - Allows the Department of Ecology to appoint a water master to a watershed once a watershed plan has been adopted if the appointment is requested or required in the plan and funding is available.	C 237 L 99
SHB 1910	Chandler, G., Anderson	<b>Establishing Logos for Substances Approved for Use in the Production, Processing, and Handling of Organic Food</b> - Authorizes the use of logos, which may include the State Seal, for the sale of substances registered for use in the production of organic food.	Gov vetoed
ESHB 2095	Chandler, G., Linville, Koster	<b>Regulating Commercial Fertilizer</b> - Changes annual fertilizer registrations to staggered biennial registrations and adjusts the registration fee accordingly. Alters requirements regarding "stop sale, use or removal" orders and regarding seizures of fertilizers. Makes the distributor, owner, or custodian of a commercial fertilizer responsible for costs associated with "stop sale," "stop use," or "withdrawal from distribution" orders and makes such persons other than consumers or transporters responsible for the costs of disposal following condemnation under a seizure order.	C 383 L 99
HB 2181	Clements, Chandler, G.	<b>Storing Fruits or Vegetables in Controlled Atmosphere Storage</b> - Reduces the minimum length of time to 60 days (from 90 days) that certain apples must be stored in controlled atmosphere storage to be classified as having been stored in controlled atmosphere storage.	C 70 L 99
SB 5105	Eide, Morton, Jacobsen	<b>Changing the Definition of Public Water System</b> - Makes the definition of a public water system consistent with the definition used in the federal Safe Drinking Water Act.	C 118 L 99
SB 5125	Loveland, Rasmussen, Morton	<b>Giving Direction to the Commission on Pesticide Registration</b> - Allows the Commission on Pesticide Registration to approve funding for studies on integrated pest management and pesticide resistance management and alters voting requirements for official actions of the Commission. Identifies the state appropriations that are subject to the Commission's laws as being those made to or legislatively intended for the Commission and those otherwise received by the Commission.	C 247 L 99
ESSB 5208	Rasmussen, Stevens, Sheldon, T.	<b>Changing Labeling Requirements for Fertilizers</b> - Provides three label options for identifying that information regarding certain regulated content of packaged fertilizer is available on sites on the internet in lieu of labeling requirements currently specified for the packages: the first is the statement and web site information that must be on a label beginning this year under current law; a second must state that information regarding the contents and levels of metals in the product is available on the internet at the state Department of Agriculture's web site; and a third must state that information regarding contents and levels of metals in the product is available on the internet at a "regulatory-info" site containing an alpha numeric identifier for the registrant of the fertilizer. Regulates the content of the latter internet site and requires it to have a direct hyperlink to the Department's internet site. Eliminate requirements for a distributor to provide a purchaser, on request, a copy of this state's standards for metals in fertilizer.	C 381 L 99

BILL NO.	PRIME SPONSORS	SUMMARY	FINAL STATUS
ESSB 5290	Fraser, Swecker, Winsley	<b>Changing the Freshwater Aquatic Weeds Management Program by Clarifying Funding and Creating an Advisory Committee</b> - Establishes an allocation formula for the use of funds from the freshwater aquatic weed account so that at least 2/3 of the funds are used as grants, pilot programs, and hydrilla eradication activities, and no more than 1/3 of the funds are used for public education and technical assistance. Directs the Department of Ecology to create an advisory committee to oversee the freshwater weeds management program. Allows grants to address freshwater aquatic weeds in lakes, rivers, or streams designated by the Department of Fish and Wildlife for fly-fishing.	C 251 L 99
SB 5347	Rasmussen, Honeyford, Prentice	<b>Extending the Period of Time to Expend Funds from the Fruit and Vegetable District Fund</b> - Extends until June 30, 2001, the date by which monies transferred from a district fruit and vegetable fund must be expended for apple maggot control activities or be returned to the district fund.	C 47 L 99
ESSB 5424	Winsley, Fraser, Honeyford	<b>Allowing the Use of Certain Commercially Approved Herbicides for Aquatic Plant Management</b> - Directs the Department of Ecology (DOE) to update the final environmental impact statement completed in 1992 for the aquatic plant management program to reflect new information on herbicides evaluated in 1992 and on new commercially available herbicides. Requires DOE to keep this information current. Allows Eurasian milfoil to be controlled by aquatic 2,4-D under certain conditions. Allows, for the 1999 treatment season, hydrothol 191 to be used to control algae in certain lakes and, if this herbicide is ineffective, authorizes DOE to allow the use of copper sulfate. Requires the Washington Institute for Public Policy to contract for a study on the effectiveness of the hydrothol 191. Makes an appropriation of \$35,000 for the study.	C 255 L 99
2SSB 5536	Spanel, Gardner	<b>Creating a Pilot Project for a Municipal Watershed on State Trust Lands</b> - Requires the Department of Natural Resources to initiate a pilot project in the Lake Whatcom watershed to determine what management actions could be taken to achieve water quality standards beyond those required by state law.	C 257 L 99
SSB 5729	Rasmussen, Swecker	<b>Establishing Parameters For Solid Waste Facility Locational Standards</b> - Establishes standards for any wholly new solid waste landfill facility with a design capacity of over 100 acres and design capacity height averaging 100 feet or more. Prohibits such a landfill from being located over an aquifer designated under federal law as being a sole source aquifer before January 1, 1999, and from having an active area that is closer than 5 miles to any national park or public or private nonprofit zoological park displaying native animals in their native habitats. Requires such a landfill to be constructed with an impermeable berm around the perimeter of the active area sufficient to contain all material disposed in the event of a complete failure of the structural integrity of the landfill. Requires (rather than authorizes) the Department of Ecology to adopt minimum functional standards for solid waste handling.	C 116 L 99

BILL NO.	PRIME SPONSORS	SUMMARY	FINAL STATUS
ESSB 5803	Rasmussen, Swecker	<b>Changing Dairy Nutrient Management Provisions</b> - Creates an eleven-member dairy nutrient management task force. Requires the task force to issue a report by December 10, 1999, that consists of recommendations for administrative improvements and statutory changes to the dairy nutrient management program.	C 262 L 99
ESSB 5866	Fraser, Prentice, Kline	<b>Eliminating Component Registration of Fertilizer Products</b> - Removes an exemption from the requirement that metals concentrations be identified for each fertilizer being registered that is provided if the components making up the fertilizer are registered. Waives the metals identification requirement for: anhydrous ammonia and a solution derived solely from dissolving anhydrous ammonia in water if the anhydrous ammonia is not derived from waste; a customer-formula fertilizer containing only registered commercial fertilizers; and a packaged commercial fertilizer, the plant nutrient content of which is present in the form of a single chemical compound that is registered as a fertilizer and not blended with any other material.	C 382 L 99
SB 6019	Rasmussen	<b>Eliminating Authority for Crop Credit Associations</b> - Repeals the Washington Crop Credit Act which currently: allows groups of growers to form temporary or permanent crop credit associations for wheat, hay, apples, and potatoes and for other crops designated by the Director of Agriculture. Gives the Director general supervisory authority for associations and allows such an association to borrow and lend money to its members; engage in warehousing and storage for the benefit of its members; handle, prepare for market and broker crops for its members; and buy and sell for its members supplies necessary or useful for growing, harvesting and marketing agricultural crops grown by its members.	C 137 L 99

## TECHNOLOGY, TELECOMMUNICATIONS & ENERGY COMMITTEE

BILL NO.	PRIME SPONSORS	SUMMARY	FINAL STATUS
2SHB 1037	Bush, Morris, Ruderman	<b>Commercial Electronic E-mail</b> - Makes it a violation of the Consumer Protection Act to obscure any information identifying the transmission path or point-of-origin of a commercial e-mail message. Extends the prohibition against sending misleading commercial e-mail messages to persons who assist or conspire with others to send messages that mislead or obscure information.	C 289 L 99
EHB 1459	Poulsen, Crouse, Reardon	<p><b>Low-income Utility Rates</b> - Offers rate, charge, service and facility discounts to low-income senior customers and other low-income customers by investor owned electrical and gas companies. Allows the Washington Utilities and Transportation Commission (UTC) to approve such discounts. Provides that such discounts will be recovered in rates paid by other customers.</p> <p><b>Partial Veto:</b> Vetoes sections that clarified certain requirements such as: services and rates should be just and reasonable; that utilities not terminate services during winter months; that utilities notify customers of their duties in the event of potential shutoff; the availability of budget billing or equal payment plans; the safety of facilities; and water conservation goals. Further vetoes sections that allow prohibited utilities from charging rates different than those filed with the UTC, nor grant preferential or discriminatory rates to any like or contemporaneous person, corporation or locality.</p>	C 62 L 99 <i>Partial Veto</i>
HB 2081	Ruderman, Crouse, Dunshee	<b>Internet Service Provider Tax</b> - Continues a moratorium to prohibit a city or town from imposing a specific fee or tax on an internet service provider.	C 307 L 99
HJM 4011	Bush, Poulsen, Radcliff	<b>School/Library Telecommunications Rate</b> - Requests Congress to urge the Federal Communications Commission to reply to the Department of Information Services petition for reconsideration to rule that schools and libraries may include non-profit independent baccalaureate institutions in below-cost telecommunications networks without losing universal service discounts.	Filed Sec/St
SB 5194	Brown, Rossi, Fraser	<b>Information Technology Management</b> - Requires state executive and judicial branches to develop information technology portfolios. Creates a mechanism for the Information Services Board to assist state executive and judicial branches to make new acquisitions of technology within the context of information technology portfolios. Removes the current limitation on the number of deputy and assistant directors of the Department of Information Services.	C 80 L 99
ESB 5962	Brown, Horn, Finkbeiner	<b>Digital Signatures</b> - Promotes electronic commerce through digital signatures. Ensures electronic signatures are not deprived from legal recognition solely because they are in electronic form. The Department of Information Services (DIS) is required to make a request for proposals prior to the issuance of certificates to nongovernmental persons or entities.	C 287 L 99

## TRANSPORTATION COMMITTEE

BILL NO.	PRIME SPONSORS	SUMMARY	FINAL STATUS
SHB 1053	Fisher, Schmidt, K., Hatfield	<b>Consolidating the Fuel Tax Rate and Distribution Statutes -</b> Consolidates the various motor fuel tax levy rates into a single tax rate of 23 cents. Removes the restrictions on the amount of gas tax refunds that can be transferred to the Off-road and Non-highway Recreational Vehicles accounts, to be used as grants for boating and off-road recreational vehicle facilities. The legislation also would require a study of the formulas used to compute the refund amounts and the expenditure of those funds.	C 269 L 99
HB 1175	Cairnes, O'Brien, DeBolt	<b>Regulating Street Rods -</b> Amends definition of street rods to include reproduced replicas built after 1949, and allows street rods that are collectors' items to operate without fenders if driven in fair weather.	C 58 L 99
SHB 1212	Eickmeyer, Clements, Mielke	<b>Extending Certain Drivers' Licenses for Out-of-State Licensees -</b> Allows the Department of Licensing (DOL) to extend or renew the term of a driver's license that expires while the driver is out of state. The bill applies retroactively to persons whose license expired between the time that DOL discontinued its out-of-state license extension policy and the effective date of the bill.  <i>Partial Veto:</i> Vetoes a duplicative requirement that driver's licenses renewed without a photo be labeled "not valid for identification purposes." Requirement is present elsewhere in statute and, thus, was superfluous.	C 199 L 99 <i>Partial Veto</i>
SHB 1294	Fisher, Schmidt, K.	<b>Technically Editing Chapter 46.20 RCW -</b> Edits some of the driver's license statutes found in chapter 46.20 and divides the chapter into subchapters in order to make the statutes easier to use.	C 6 L 99
SHB 1304	Hankins, Fisher, Schmidt, K.	<b>Updating References to the Transportation Improvement Board Bond Retirement Account -</b> Updates Transportation Improvement Board (TIB) bond authorizations to reflect the TIB bond retirement account, and allows the TIB bond retirement account to retain 80 percent of interest earned.	C 268 L 99
HB 1321	Ericksen, Fisher, Schmidt, K.	<b>Requiring Stops at Intersections with Nonfunctioning Signal Lights -</b> Treats an intersection with a nonfunctioning light as a four-way stop. The motorist would then proceed in accordance with the two basic rules of the road for who has the right of way: (1) the vehicle on the left yields to the vehicle on the right, and (2) a vehicle preparing to turn left yields to the on-coming traffic.	C 200 L 99
HB 1322	Mitchell, Romero, Fisher	<b>Adding Information to Motorist Information Signs -</b> Permits tourism oriented directional signs on the interstate system. Authorizes the Department of Transportation to charge fees to defray the costs of installing and maintaining information sign panels. The fee will be determined by administrative rule. Defines the highway system as "interstate" and "non-interstate" instead of interstate, primary, or scenic highway.	C 201 L 99

BILL NO.	PRIME SPONSORS	SUMMARY	FINAL STATUS
SHB 1324	Fisher, Schmidt, K., Mitchell	<b>Planning for Transportation Safety and Security</b> - Requires the Department of Transportation to implement a safety oversight and inspection program, pursuant to federal regulations, for rail fixed guideway systems, such as Sound Transit's light rail system.	C 202 L 99
HB 1463	Mitchell, Fisher, Schmidt, K.	<b>Adjusting Deadlines for Reports to the Secretary of Transportation</b> - Changes reporting dates to the Department of Transportation for city, town, and county revenue and expenditure information for streets and roads from March 31 <sup>st</sup> to May 31 <sup>st</sup> of each year. The State Auditor's Office requires similar information on May 31 <sup>st</sup> of each year.	C 204 L 99
HB 1491	Hatfield, Doumit	<b>Regulating the Use of Dredge Spoils in Cowlitz County</b> - Authorizes the Department of Transportation to amend the land conveyance agreement between the State of Washington and Cowlitz County. Enables Cowlitz County to reinvest dredge spoils revenue for recreational purposes throughout the county.	C 63 L 99
HB 1550	Chandler, G., Fisher, Schmidt, K.	<b>Extending Milwaukee Road Corridor Franchise Negotiations</b> - Extends the deadline by seven more years for the Department of Transportation to enter into a franchise agreement with a rail carrier for rail service over the Ellensburg to Lind portion of the old Milwaukee Road corridor.	C 301 L 99
HB 1554	Murray, McDonald, Constantine	<b>Clarifying Status of HOV Lane Violations as Traffic Infractions</b> - Clarifies that violating HOV lane restrictions is a traffic infraction, subject to a fine of \$71.	C 206 L 99
SHB 1558	Mitchell, Hatfield, McDonald	<p><b>Tightening Requirements for Release of Impounded Vehicles</b> - Requires registered owners who redeem a vehicle which was impounded as the result of a suspended license to establish with the court having jurisdiction, or the agency ordering the impound, that all fines and penalties have been paid.</p> <p><b>Full Veto:</b> As a result of a drafting error, SHB 1558 made necessary changes to one portion of the statute, but failed to do so in another section of the statute. The drafting error defeated the intent of the legislation. The goal of SHB 1558 was achieved in ESSB 5649, which the governor will sign into law.</p>	Gov vetoed
SHB 1559	Fortunato, Murray, McDonald	<b>Repealing Redundant Law on Transporting Explosives</b> - Repeals an obsolete statute specifying the markings and equipment on a vehicle carrying explosives. Since 1975 the state of Washington has used the Code of Federal Regulations for the transportation of hazardous materials, which includes explosives.	C 207 L 99
HB 1561	Schoesler, Grant, McMorris	<b>Allowing Solid Rubber Tires on Farm Machinery</b> - Allows farm machines equipped with solid rubber tracks to be moved along a highway without a special permit from the DOT. Provides these tracks to place fewer pounds per square inch on the road surface than a conventional tire, thereby minimizing pavement damage.	C 208 L 99

BILL NO.	PRIME SPONSORS	SUMMARY	FINAL STATUS
ESHB 1562	Scott, Mulliken, Chandler, G.	<b>Changing Provisions Relating to the Adoption of Regulations by Airport Operators</b> - Modifies the regulations that airports may adopt in order to collect airport fees and impound aircraft. Requires an aircraft owner to be notified about delinquent charges before impounding aircraft, and reasonable attempts must be made to locate an aircraft owner. Allows lawsuits by an owner to redeem impounded aircraft before an auction. Increases the aircraft registration fee from \$4 to \$8. Exempts non-resident aircraft owners from the aircraft excise tax if they keep their planes at an airport jointly owned by governmental entities of two or more states, and they have paid all licensing fees and taxes in the state where they reside.	C 302 L 99
HB 1703	Cooper, Ericksen, Mitchell	<b>Revising Law Governing the Disposition of Surplus Real Property</b> - Adds Sound Transit to the list of entities that may acquire surplus rights-of-way from the state Department of Transportation, provided fair market value compensation is provided for the right-of-way.	C 210 L 99
SHB 1774	Wolfe, Romero, Tokuda	<b>Regulating Occupational Drivers' Licenses</b> - Allows a person whose driver's license has been administratively suspended to apply for an occupational driver's license if the person is: (1) a member or an applicant for an apprenticeship program or an on-the-job training program; (2) a program that assists persons who are on welfare to become gainfully employed; or (3) persons undergoing substance abuse treatment or participating in a 12-step program such as Alcoholics Anonymous.	C 272 L 99
ESHB 1798	Schmidt, K., Fisher, Mitchell	<b>Enhancing Coordination of Special Needs Transportation</b> - Extends the Agency Council on Coordinated Transportation from June, 2003 until June, 2007. Modifies council membership and grants legislative members voting status. Sets forth objectives for the program for agency coordination. Directs the council to establish local forums to address coordination issues among social service and other transportation providers and to address program needs. Allows county governments to convene local planning forums to address coordination roles and responsibilities.  <i>Partial Veto:</i> Vetoes the modifications to the council membership, including provisions providing legislative members with voting status.	C 385 L 99 <i>Partial Veto</i>
SHB 1971	Sommers, D., Wood, Benson	<b>Enhancing Traffic Safety</b> - Increases the penalty the Washington State Patrol and Utilities & Transportation Commission may impose on a motor carrier for violation of the federal drug testing program: (1) \$1,500 per violation for not implementing or being out of compliance with the testing program, (2) \$500 per violation for each employed driver that is out of compliance, and (3) \$1,500 per violation when an employer knowingly uses a driver that tests positive. Requires that the annual vehicle registration contain a statement that the owner or operator of a commercial vehicle must have a drug and alcohol testing program in place that is in compliance with federal law. Requires an officer to report a driver to the Department of Licensing if there is an accident resulting in a fatality and the driver is responsible for the accident. Requires the Department to retest drivers reported for accidents resulting in serious injuries and fatalities.	C 351 L 99

BILL NO.	PRIME SPONSORS	SUMMARY	FINAL STATUS
SHB 2053	Hatfield, Hankins, Scott	<b>Allowing Credit Card Payment of Vehicle Registration Fees -</b> Authorizes the Department of Licensing, agents, and subagents to accept credit/debit cards for payment of vehicle and vessel fees. Requires the card user to pay credit/debit card fees.	C 271 L 99
HB 2201	Fisher, Hankins, Ogden	<b>Imposing a surcharge on trip permit fees -</b> A \$5 surcharge is imposed on the issuance of trip permits. The surcharge must be deposited in the Motor Vehicle Fund for vehicle weigh stations and weigh-in-motion programs. The surcharge from non-vehicle motor carriers will go toward traffic congestion projects.	C 270 L 99
ESHB 2239	Buck, Wood	<b>Enhancing Storm Water Control Grant Programs -</b> Allows the Washington State Department of Transportation storm water fees that were earmarked, but unspent due to the default of no local storm water plan, to be used in the state storm water grant program. Coordinates the administration of the state storm water and fish passage grant programs. Identifies that both programs address fish passage and hydrology impacts.	C 242 L 99
HB 2259	Murray, Hankins, Ogden	<b>Extending the Term of Drivers' Licenses -</b> Extends the term of the driver's license and increases the fee to \$25 for a five-year license (\$5 per year).	C 308 L 99
HJM 4006	Fisher, Schmidt, K., Mitchell	<b>Requesting the Transportation Commission to Update the System of Highways of Statewide Significance -</b> Concurs with Transportation Commission Resolution 584, which designates a highway system of statewide significance. Directs the Transportation Commission to conduct a review and update of the system at least once every 5 years. Includes a process for the deletion or adoption of routes to the designated highway system of statewide significance.	Filed Sec/St
SB 5005	Loveland, Haugen, Winsley	<b>Allowing Signing of Safer Routes to Tourist-oriented Businesses -</b> Allows the Department of Transportation to erect and maintain signs on an alternate route that exceeds the 15 mile limit for safety reasons. Allows eligible services to be signed that are within 20 miles and are in economically distressed areas as statutorily defined.	C 213 L 99
SSB 5153	Haugen, Goings, Gardner	<b>Modifying Provisions Concerning the Freight Mobility Strategic Investment Board -</b> Allows the Freight Mobility Strategic Investment Board greater flexibility to contract out for staff support, rather than requiring the Board to hire a full-time executive director. Authorizes the Board to receive reimbursement for necessary and reasonable travel expenses, consistent with OFM guidelines.	C 216 L 99
SSB 5185	Haugen, Benton, Sheldon, T.	<b>Adjusting Limits for Highway Work by State Forces -</b> Adjusts the project cost limits for work that may be contracted out or performed by state work forces. Includes effective dates for increasing the limits.	C 15 L 99
SSB 5191	Goings, Benton, Haugen	<b>Penalizing Motor Carriers that Operate Without a Permit -</b> Increases the fine for failure to obtain a for-hire operating permit from the Utilities & Transportation Commission from \$500 to \$1,500 per violation. Streamlines the Commission's ability to take administrative action against an illegal carrier.	C 79 L 99

BILL NO.	PRIME SPONSORS	SUMMARY	FINAL STATUS
SSB 5273	Jacobsen, Haugen, Rasmussen	<b>Creating a Scenic Byways Designation Program</b> - Creates a scenic byway designation program that includes both state and local routes. (Only state routes are currently eligible.) Criteria for assessing scenic byways may not impose or require regulation of privately-owned lands or property rights.	C 218 L 99
SSB 5274	Goings, Horn, Haugen	<b>Allowing a Regional Transit Authority to Establish Fines for Certain Civil Infractions</b> - Authorizes regional transit authorities to (1) require proof of fare payment; (2) set a schedule of fines and penalties, not to exceed \$250, for failure to pay required fares and failure to depart a train when requested to do so; and (3) employ individuals to monitor fare payment, issue citations for fare nonpayment, and request passengers to leave regional transit authority trains for failure to produce proof of fare payment.	C 20 L 99
SB 5358	Benton, Snyder, Shin	<b>Eliminating Motorcycle Handlebar Height Restrictions</b> - Increases the height restriction from the current 15 inches to 30 inches.	C 275 L 99
ESB 5371	Jacobsen, Horn, Haugen	<b>Developing Intercity Passenger Rail Service</b> - Grants the Department of Transportation, subject to appropriation, authority related to developing and providing intercity rail passenger service. The powers granted are similar to those powers for other modes such as highways, ferries, and aviation. These powers are immediately needed to enable the Department to further participate in redevelopment of the King Street Station and the King Street maintenance facility.	C 253 L 99
SB 5374	Heavey, Johnson	<b>Making Corrective Amendments to Certain Drivers' Licensing Laws</b> - Corrects certain drivers' license statutes. Allows motorcycle endorsement to apply to any size motorcycle.	C 274 L 99
SB 5382	Sheldon, T., Horn, Haugen	<b>Strengthening the Scenic Vistas Act</b> - Changes the permitting process that requires an initial \$10 and an annual \$10 renewal fee to a single, one time fee to be determined by Administrative Rule.	C 276 L 99
SB 5384	Heavey, Benton, Haugen	<b>Phasing in Lightweight Tire Studs</b> - Requires retailers and wholesalers in Washington to sell only the lighter-weight studs for installation in snow tires.	C 219 L 99
SB 5502	Haugen	<b>Reporting the Salary Survey of Ferry Employees</b> - Exempts the raw data collected by the marine employees commission's for their bi-annual salary survey's from public disclosure laws. Establishes the State Auditor's Office as the entity authorized to review the raw data if prompted by receiving a petition from a person or entity who believes the survey results to be inaccurate.	C 256 L 99
SSB 5615	Horn, Goings, Benton	<b>Deleting Reference to Obsolete Transportation Accounts</b> - Deletes references to transportation accounts that no longer exist, and consolidates other accounts for ease of administration.	C 94 L 99

BILL NO.	PRIME SPONSORS	SUMMARY	FINAL STATUS
ESB 5649	Haugen, Sellar, Goings	<p><b>Regulating Security for Long-term Impounds</b> - Enables tow truck operators to notify the registered or legal owner of a long-term impound before the end of the impound. The registered owner of the vehicle must establish with the agency ordering the impound or the court having jurisdiction, that all fines have been paid.</p> <p><b>Partial Veto:</b> Eliminated the requirement that tow truck operators send excess auction proceeds directly to the owner of the abandoned vehicle, instead of the motor vehicle fund.</p>	Del to Gov
SB 5652	Bauer, Sellar	<p><b>Increasing Statutory Limits on Appraiser Fees in Eminent Domain Proceedings</b> - Updates the 1967 allowable landowner's reimbursement expense from a government entity property taking by eminent domain from \$200 to \$750.</p>	C 52 L 99
SSB 5666	Rasmussen, Long, Goings	<p><b>Simplifying Acquisitions Procedures for Wreckers</b> - Exempts major component parts of vehicles that only have value as scrap from statutory record-keeping requirements. A wrecker may obtain a vehicle from an interim owner without obtaining a certificate of ownership in the name of the interim owner. Wreckers must keep the name of the person from whom they obtained a core auto part, in their records for three years.</p>	C 278 L 99
SSB 5706	Bauer, Haugen, Sellar	<p><b>Decriminalizing License Fraud and Establishing a License Fraud Task Force in the Washington State Patrol</b> - Eliminates criminal penalties for license fraud. Makes individuals who license a vehicle, aircraft, vessel, trailer, or camper in another state to avoid paying Washington taxes or fees liable for a minimum penalty of \$1,000 and a maximum penalty of \$10,000.</p>	C 277 L 99
SB 5741	Morton, Goings, Honeyford	<p><b>Permitting Trucks Under 16,001 Pounds to Bypass Scales</b> - Increases the weight limit for trucks that are required to stop at weight stations and scale houses from 10,000 pounds to 16,000 pounds. Brings Washington more into compliance with our neighboring states of Idaho and Oregon.</p>	C 23 L 99
SSB 5781	Eide, Swecker, Fraser	<p><b>Extending the Commute Trip Tax Reduction Credit</b> - Extends the sunset of the commute trip reduction (CTR) tax credit from December 2000 until December 2006. Increases the maximum annual amount of tax credit from \$1.5 M to \$2.25 M. The initial \$1.5 M will continue to come from the Air Pollution Control Account and the additional funds are to come equally from the Transportation Account and the Public Transportation Systems Account, subject to appropriation. Authorizes use of the systems account for CTR purposes. Makes tax credits available to property managers who provide incentives to persons employed at a worksite which that person manages.</p> <p><b>Partial Veto:</b> Vetoes the extension of the sunset date for tax credits so the December 2000 sunset remains in effect.</p>	C 402 L 99 <i>Partial Veto</i>
SSB 6009	Oke, Haugen	<p><b>Authorizing Nonphoto Identification Cards for Disabled Parking</b> - Removes, temporarily, the requirement on the Department of Licensing to issue a picture ID card and directs the department to assess alternative issuance options. During the time of assessment, the department is required to issue a non-photo ID card by January 1, 2000.</p>	C 136 L 99

## COMPENSATION

### **COST-OF-LIVING -- \$267.3 MILLION GENERAL FUND-STATE**

Funding is provided for a 3.0 percent cost-of-living increase for school year 1999-2000 and another 3.0 percent increase in the 2000-01 school year for all K-12 state funded certificated and classified staff.

### **BEGINNING TEACHER SALARIES -- \$30.9 MILLION GENERAL FUND-STATE**

The state uses a salary allocation for teacher compensation purposes. The salary schedule provides increases for additional years of experience and education. The budget adjusts the salary schedule by providing the following increases: 7 percent for beginning teachers with no experience; 5 percent for teachers with one year of experience; 4 percent for teachers with 2 and 3 years of experience; 3 percent for teachers with 4 years of experience; and 2 percent for teachers with 5 years of experience. This provides additional salary for about 24 percent of the teachers. Including the cost-of-living increases and the learning improvement days, the beginning teacher salary on the schedule increases from \$22,950 to \$26,487 by the 2000-01 school year, a 15.4 percent increase.

### **SENIOR TEACHER SALARIES -- \$40.3 MILLION GENERAL FUND-STATE**

The salary schedule currently provides experience increments to the 15<sup>th</sup> year. Funds are provided to add a row at the 16<sup>th</sup> year with a 2 percent increment. This applies to teachers in the BA+90 column and beyond and provides additional salary for about 38.5 percent of teachers.

### **HEALTH BENEFIT INFLATION -- \$123.3 MILLION GENERAL FUND-STATE**

Funding is provided for health benefit inflation by increasing the monthly benefit amount from the current \$335.75 per month per full-time equivalent employee to \$388.02 per month for the 1999-2000 school year and \$423.57 per month for the 2000-01 school year.

## PROFESSIONAL DEVELOPMENT

### **LEARNING IMPROVEMENT DAYS -- \$74.6 MILLION GENERAL FUND-STATE**

Funding is provided for three learning improvement days to be added to the annual contract of each certificated instructional staff. The state salary schedule is adjusted to include the additional days, and this is equivalent to a 1.7 percent increase in the salary schedule. The three extra days are provided to implement education reform to improve student learning. In the 1997-99 biennium funding was provided for similar purposes on a dollar per student basis and served to provide approximately 2.1 extra days. (Certificated instructional staff are composed mainly of teachers, and also include counselors, librarians, nurses and other educational staff associates).

### **PERFORMANCE BONUS FOR TEACHERS -- \$327,000 GENERAL FUND-STATE**

Funds are provided for a 15 percent salary bonus for teachers achieving national certification by the National Board for Professional Teaching Standards. This board has established a performance-based system to recognize highly accomplished teachers. Teachers may achieve national certification through a year-long process and rigorous assessments that demonstrate their advanced knowledge and skills. Currently, 12 teachers have attained this certification in Washington state and funds are provided for a total of 23 teachers in school year 1999-2000 and 45 in the 2000-2001 school year.

### **MENTOR / BEGINNING TEACHER ASSISTANCE PROGRAM -- \$3.8 MILLION GENERAL FUND-STATE**

The mentor teacher program pairs up beginning teachers with experienced teachers to help the beginning teacher become successful. State funds are used to provide training, stipends and substitutes to allow release time for the team to observe exemplary teaching. Funding for this program has eroded over time due to lack of inflation and workload adjustments and budget reductions. The additional funding restores funding to 1985-86 levels and increases the total budget for this program to \$6.8 million for next biennium, increasing the funding per team from the current rate of \$782 to approximately \$1,780.

## **INCREASE CLASSROOM RESOURCES / LOWER CLASS SIZE**

### **INCREASED CLASSROOM RESOURCES -- \$27.3 MILLION GENERAL FUND-STATE**

Funds are provided to increase the basic education staff ratio for grade 4, funding 261 more certificated instructional staff per year. Currently the state allocates 54.3 certificated instructional staff per 1000 full-time equivalent students in grades K-3 and 46 per 1000 for grades 4-12. The budget creates a combined ratio of 53.2 certificated instructional staff for grades K-4. Districts are funded at the 53.2 ratio if they staff up to the ratio. The combined K-4 ratio provides districts with flexibility to deploy staff as needed in grades K-4. (Certificated instructional staff are composed mostly of teachers and also include counselors, librarians, nurses and other educational staff associates.)

### **LEARNING ASSISTANCE PROGRAM -- \$19.3 MILLION GENERAL FUND-STATE**

The Learning Assistance Program currently allocates funds to school districts for students in grades K-9. The budget provides an additional \$19.3 million to extend the program to the 11th grade. The additional funds are allocated on the same formula basis as the current K-9 program. Ninety-two percent of the allocation is based on the number of students scoring in the lowest quartile on nationally normed tests and eight percent is allocated to school districts whose percent of students eligible for free and reduced price lunch exceeds the state average percent.

## **CONTINUING EDUCATION REFORM**

### **THE ACADEMIC ACHIEVEMENT AND ACCOUNTABILITY COMMISSION -- \$340,000 GENERAL FUND-STATE**

This Commission is created by SSB 5418 to replace the Commission on Student Learning, and \$340,000 is provided for its operation. The function of the new commission is to provide oversight of the new accountability system, establish and revise performance goals, and make recommendations regarding interventions, assistance and recognition of schools and school districts.

### **READING CORPS FOR STRUGGLING SCHOOLS -- \$16.0 MILLION GENERAL FUND-STATE**

Funds are provided for Reading Corps grants for schools in which significant numbers of students do not perform well on the Washington Assessments of Student Learning. The grants are to provide reading programs for low performing students in grades K-6. The reading programs may be provided before, during or after the school day, and on Saturdays, summer, intercessions or other vacation periods. The programs are to be proven; research-based programs provided by mentors or tutors and shall include pre-and-post testing to determine the effectiveness of the programs.

### **MATH HELPING CORPS -- \$2.0 MILLION GENERAL FUND-STATE**

Funds are provided to establish a mathematics helping corps to assist school district with low mathematics scores on the Washington assessment of student learning. The helping corps would consist of regional school improvement coordinators and mathematics school improvement specialists working out of educational service districts to provide assistance to individual schools in implementing education reform to improve student learning.

### **SUMMER ACCOUNTABILITY INSTITUTES -- \$1.0 MILLION GENERAL FUND-STATE**

Funds are provided for five additional Summer Accountability Institutes. These institutes are provided for school district staff by the Superintendent of Public Instruction and the commission on student learning to make available: current research on assessment data; advice from experts to assist districts in implementing education reform and accountability goals in the areas of reading, math, communications and writing.

## **PROVIDING FUNDING STABILITY**

### **LEVY EQUALIZATION -- \$17.9 MILLION GENERAL FUND-STATE**

Funds are provided to implement SSB 5298 which beginning with calendar year 2000 sets levy equalization at 12 percent for all districts requiring an above average property tax rate for a 12 percent levy. Currently, districts are eligible for levy equalization if they require a property tax rate for a 10 percent levy that exceeds the state-wide average property tax rate for a 10 percent levy. The 74 districts in the highest quartile of property tax rates for a 10 percent levy are eligible for 12 percent levy equalization. This bill makes an additional 146 school districts eligible for 12 percent levy equalization.

## **MISCELLANEOUS**

### **K-20 OPERATIONS AND SUPPORT -- \$9.7 MILLION GENERAL FUND-STATE**

\$5.7 million is provided for K-20 network infrastructure and equipment maintenance and depreciation incurred by school districts and educational service districts. Also, \$4.0 million is provided for technical support to ensure that the K-12 portion of the K-20 network operates reliably. These funds will be used primarily for technical personnel located at Educational Service Districts, the Department of Information Services and two staff at the Office of the Superintendent of Public Instruction. The K-20 Network was initiated by the state in the 1995-97 biennium to create a telecommunications backbone to provide better access to the Internet and to connect together all the school districts and higher education institutions.

### **SCHOOL SECURITY -- \$7.0 MILLION GENERAL FUND-STATE, \$4.0 MILLION PUBLIC SAFETY AND EDUCATION ACCOUNT**

During the regular session of the Legislature, \$2.0 million was provided for alternative school grants and \$2.0 million was provided for teacher training in dealing with disruptive students to take place during the summer of the year 2000. The \$5.9 million school security grant program for provision of security monitors in schools was continued. In the special session of the Legislature an additional \$7.0 million was provided in HB 2304. Of this amount, \$4.0 million is for additional alternative school grants and a new intervention and prevention grant program, and \$3.0 million was to increase the existing school security grant program.

### **SCHOOL NURSES -- \$5.2 MILLION HEALTH SERVICES ACCOUNT**

Funds are provided to establish a corps of nurses housed at eight of the nine Educational Service Districts in the state. The function of the nurse corps is to provide services in the most needy schools not having available nurse services, and to provide training for school staff in the provision of health services to students.

## HIGHER EDUCATION

### **ENROLLMENT INCREASES - \$60.6 MILLION GENERAL FUND-STATE**

Higher education enrollments are increased by a total of 8,277 full-time equivalent student enrollments: 2,971 enrollments in the baccalaureate institutions, 4,806 enrollments in the Community and Technical Colleges (CTCs), and 500 enrollments in a high demand pool that will be allocated by the Higher Education Coordinating Board (HECB). Included in these totals are 800 new enrollments to support the opening of Cascadia Community College in fall 2000. New enrollments are fully funded at the HECB average cost of instruction, with the CTCs also receiving an additional \$500 for each new student. New undergraduate enrollments at the branch campuses are funded at the upper division cost of instruction level.

### **SUPPORT FOR NEW ENROLLMENTS - \$3.7 MILLION GENERAL FUND-STATE**

Funding to start new branch campus programs and to operate and lease new facilities is essential to supporting increased enrollments levels. New funding supports start-up programs at the Puyallup campus of Pierce College, Cascadia Community College, and a new higher education consortium in North Snohomish, Island and Skagit counties.

### **TECHNOLOGY AND HIGH DEMAND PROGRAMS - \$20.7 MILLION GENERAL FUND-STATE**

Funding is provided for programs focused on increasing higher education capacity to provide training and degree programs in information technology and other high market demand areas, leveraging state resources with private funds. The state's K-20 telecommunications network receives operations funding. At the University of Washington, next generation Internet research and Internet connectivity are funded. Advanced technology research initiatives are funded at the two research universities.

### **COMPENSATION - \$120.4 MILLION GF-S**

Annual 3 percent salary increases effective July 1, 1999, and July 1, 2000, are provided for all higher education employees. In addition to these increases, funding is provided to baccalaureate institutions to recruit and retain quality instructional and research faculty and staff. Baccalaureate institutions may grant additional salary increases from funds identified by their governing boards. Community and Technical Colleges (CTCs) receive funding to address part-time faculty salary disparity, with a requirement for local matching funds at a level to be set by the State Board for Community and Technical Colleges. The CTCs also receive funding for faculty salary increments and to extend retirement benefits to part-time faculty teaching at least half-time.

### **FINANCIAL AID - \$32.6 MILLION GF-S**

The State Need grant program is augmented to provide need grants for higher enrollment and tuition levels in the 1999-01 biennium. Funding is provided to create a new College Promise Scholarship program for scholarships to high performing high school seniors who meet financial eligibility criteria. A new program is established to provide up to one year's educational expense reimbursement for teachers obtaining masters degrees. New funding is also provided for the community scholarships matching grant program, the educational opportunity grant program and for the addition of a Washington Scholars program alternate from each legislative district.

**TUITION POLICY**

Tuition increases are linked to growth in the state's per capita personal income in order to provide predictable, affordable tuition increases. Institutions' governing boards are granted the authority to set tuition rate increases up to a maximum increase of 4.6 percent in academic year 1999-00 and 3.6 percent in academic year 2000-01. Tuition rate increases may vary by student category, and tuition rates may also vary based on time of day or week, delivery method or campus, to encourage full use of educational facilities and resources.

# STATE EMPLOYEE COMPENSATION

## SALARIES

### **COST OF LIVING ADJUSTMENT -- \$98.5 MILLION GENERAL FUND-STATE**

The budget funds 3 percent across-the-board salary increases on July 1, 1999, and on July 1, 2000. All classified employees and exempt employees who are subject to the jurisdiction of the Washington Personnel Resources Board (WPRB) will receive 3 percent increases. Employee groups that are not under the WPRB, such as WSP commissioned officers, assistant attorney's general, and judicial employees, will receive increases that average 3 percent each year.

### **PERSONNEL BOARD PRIORITIES (SSB 6767) -- \$13.1 MILLION GENERAL FUND-STATE, \$26.4 MILLION OTHER FUNDS**

In 1996, the Legislature created a process (SSB 6767) by which the Washington Personnel Resources Board (WPRB) recommends job classes for salary increases to address recruitment and retention and salary equity problems, or to recognize increased duties and responsibilities. The budget provides funding to implement all 26 of the increases proposed by the WPRB effective July 1, 1999. These increases are in addition to the across-the-board increases provided in July of 1999 and 2000.

### **1998 SALARY SURVEY – PARTIAL IMPLEMENTATION -- \$5.6 MILLION GENERAL FUND-STATE, \$14.5 MILLION OTHER FUNDS**

Every four years, the state conducts a comprehensive salary survey for classified positions in state agencies and institutions of higher education. The budget provides funding for salary increases effective July 1, 1999, to all classifications that are greater than 25 percent from their market rate, as determined by the 1998 survey, in sufficient amounts to bring them to within 25 percent of market rate. For example, higher education campus police officers and state fish and wildlife officers, who are currently 35 percent behind the 1998 survey market rate, would receive a 10 percent increase to bring them to the 25 percent threshold. The salary survey increases are in addition to the across-the-board increases provided in July of 1999 and 2000.

### **ASSISTANT ATTORNEYS GENERAL -- \$3.4 MILLION GENERAL FUND-STATE, \$3.4 MILLION OTHER FUNDS**

The budget provides funding for the Attorney General's Office to provide salary increases beginning July 1, 1999, and July 1, 2000, to address recruitment and retention problems.

## HEALTH BENEFITS

### **FUNDING FOR HEALTH BENEFIT COST INCREASES -- \$73.9 MILLION GENERAL FUND-STATE, \$44.5 MILLION OTHER FUNDS**

To maintain current health care benefits for state and higher education employees, the budget includes \$73.9 million General Fund-State and \$44.5 million other funds. The state's contribution for health benefits is increased from \$335.75 per month per employee to \$388.02 for fiscal year 2000 and to \$423.57 for fiscal year 2001. An additional \$3.13 per employee per month in fiscal year 2000 and \$3.89 in fiscal year 2001 is provided to restore reserves used to pay for a 1998 retiree lawsuit settlement and to increase life insurance benefits in accordance with the proposed settlement in the life insurance lawsuit. The health benefit funding level assumes a \$1.79 increase in the average monthly employee premium for calendar year 2000 (to \$15.79) and another \$1.10 increase for calendar year 2001 (to \$16.89). To promote cost containment of prescription drug expenses, the health care budget funding level assumes a \$10 increase in the existing \$20 co-payment required for non-generic prescriptions where a generic option is available. The budget also provides a 62 percent increase in the explicit subsidy for state and school district retirees who are age 65 or older, from the current rate of \$43.16 per retiree per month to \$62.48 in calendar year 2000 and to \$69.98 in calendar year 2001.

# HEALTH CARE

## THE TOBACCO SETTLEMENT ACCOUNT

On November 29, 1998 the Attorney General announced the national settlement of a lawsuit against the four major tobacco manufacturers. In the next biennium the state is expected to receive \$323 million. The budget distributes that money as follows:

- **TOBACCO PREVENTION & CONTROL -- \$100 MILLION TOBACCO SETTLEMENT ACCOUNT**  
Pursuant to SSB 5359 and ESSB 5516, \$100 million from the state's share of the tobacco litigation settlement proceeds is used to capitalize a comprehensive long-term tobacco prevention and control program to be administered by the Department of Health, including school and community-based education programs, tobacco addiction treatment, and enforcement of laws governing tobacco sales.
- **HEALTH SERVICES ACCOUNT DEPOSIT -- \$223 MILLION TOBACCO SETTLEMENT ACCOUNT**  
The balance of the settlement, \$223 million, is deposited into the Health Services Account (HSA), which funds health care for working families below 200 percent of poverty, and, for children in families with incomes between 200 percent, and 250 percent of the federal poverty level.

## INCREASE BASIC HEALTH PLAN ENROLLMENT -- \$8.1 MILLION HEALTH SERVICES ACCOUNT

The budget provides funding for enrollment in the subsidized Basic Health Plan to grow from 130,000 to 133,000 by January 2000, and to remain at that level throughout the balance of the 1999-01 biennium.

## RESTORE BASIC HEALTH PLAN SUBSIDY LEVELS -- \$7.9 MILLION HEALTH SERVICES ACCOUNT

The budget provides funding to return to the pre-1998 subsidy scale for families with incomes between 125 percent and 200 percent of poverty (approximately \$21,000 to \$33,000 for a family of four).

## CHILDREN'S HEALTH INSURANCE EXPANSION -- \$4.0 MILLION HEALTH SERVICES ACCOUNT, \$7.7 MILLION GENERAL FUND-FEDERAL

Substitute Senate Bill 5416 establishes the Children's Health Insurance Program (CHIP). Washington's program will provide partially subsidized medical, dental, mental health, and chemical dependency coverage for children in families with incomes between 200 percent and 250 percent of the federal poverty level (about \$33,000 to \$41,000 per year for a family of four). An estimated 10,000 children are expected to be enrolled in the program by April 2001.

## EXPAND FAMILY PLANNING SERVICES -- \$1.1 MILLION GENERAL FUND-STATE SAVINGS, \$11.3 MILLION GENERAL FUND-FEDERAL

The budget authorizes the Department of Social and Health Services to implement a federal Medicaid waiver, which would result in 90 percent federal funding for coverage of family planning services for people with incomes up to 200 percent of the federal poverty level. The new services are to be implemented by July 2000, and are expected to result in state savings from (1) collecting 90 percent federal match on services which were previously funded entirely with state funds; and (2) avoided Medicaid maternity and infant care costs. In the 2001-03 biennium and thereafter, the program should result in state savings of at least \$10 million through reduced maternity and children's medical costs.

## BREAST AND CERVICAL CANCER SCREENING -- \$1.0 MILLION GENERAL FUND-STATE

The budget expands the breast and cervical cancer screening program for low income women to include women between the ages of 40 and 49.

## RURAL HEALTH CARE -- \$9.3 MILLION HEALTH SERVICES ACCOUNT, \$10.1 MILLION GENERAL FUND-FEDERAL

Increased payment rates for nursing facilities operated by rural public hospital districts will result in increased funding for a range of rural health initiatives across the state.

# HUMAN SERVICES

## DEVELOPMENTAL DISABILITIES

### **INCREASED SERVICES AND SUPPORTS -- \$7.8 MILLION GENERAL FUND-STATE, \$8.2 MILLION GENERAL FUND-FEDERAL**

In addition to the specific increases described above, the budget provides a \$16 million to enhance current services to children and adults with developmental disabilities. How to most effectively apply these funds to the needs of people with developmental disabilities is to be decided by the developmental disabilities Stakeholder Advisory Group established in accordance with Substitute Senate Bill 6751, with two conditions: (1) at least 60 percent of the appropriated funds must be used to increase the number of people receiving residential, employment, family support, or other direct services; and (2) the services and supports must be designed and implemented in a fashion such that the cost of continuing them in the 2001-03 biennium does not exceed \$19.2 million (\$9.3 million state).

### **COMMUNITY ALTERNATIVES TO PSYCHIATRIC HOSPITALIZATION -- \$4.8 MILLION GENERAL FUND-STATE, \$5.0 MILLION GENERAL FUND-FEDERAL**

The budget provides funding for increased outpatient, residential, and diversion services for persons with developmental disabilities who would likely otherwise need to reside in one of the state psychiatric hospitals. As a result of this initiative, the number of persons with developmental disabilities residing in the state hospitals is to decrease to the lowest level in many years.

### **HIGH SCHOOL TRANSITION -- \$2.0 MILLION GENERAL FUND-STATE, \$2.3 MILLION GENERAL FUND-FEDERAL**

Funding for job training and placement, or other productive daytime activities, is provided for the approximately 1,000 young people with developmental disabilities who are expected to graduate from special education programs during the 1997-99 biennium

### **ADULT FAMILY HOME RATE INCREASES -- \$1.6 MILLION GENERAL FUND-STATE, \$1.7 MILLION GENERAL FUND-FEDERAL**

The significant increase since 1995 in Aging and Adult Services Administration payment rates for adult family homes has resulted in higher average payment rates for adult family homes serving the aged than for those serving persons with developmental disabilities. This has had the unintended effect of making placements for persons with developmental disabilities more difficult to achieve. Funding is provided to increase payments assuming that parity will be achieved at the end of the 2001-03 biennium.

## CHILDREN AND FAMILIES

### **FOSTER CARE ENHANCEMENTS-\$13.4 MILLION GENERAL FUND-STATE; \$8.3 MILLION GENERAL FUND-FEDERAL**

Twenty one million dollars is provided for increased rates paid for foster care over and above the vendor rate increase. Funding is provided to pay for first aid/CPR and HIV/AIDS training for foster parents. In addition, when foster children damage a foster parent's property, the state currently reimburses for these damages at depreciated value. The budget provides resources for reimbursements at replacement value of the property.

### **COURT APPOINTED SPECIAL ADVOCATES/GUARDIANS AD LITEM -- \$1.0 MILLION GENERAL FUND- STATE**

Funds are provided for volunteer trainers and coordinators to increase the number of court appointed special advocates (volunteer guardians ad litem) in dependency proceedings.

### **CHILD SEX ABUSE INTERVIEWS-\$346,000 GENERAL FUND-STATE, \$78,000 GENERAL FUND-FEDERAL, \$276,000 PUBLIC SAFETY EDUCATION ACCOUNT**

Funding is provided to develop protocols regarding child sexual abuse investigations and to administer specialized training for caseworkers, law enforcement officers and prosecutors involved in child sexual abuse cases.

## MENTAL HEALTH

### **COMMUNITY FUNDING -- \$3.0 MILLION GENERAL FUND-STATE, \$3.2 MILLION GENERAL FUND-FEDERAL**

The budget provides additional funding which is to be distributed among the Regional Support Networks (RSNs) according to a formula which they and the Mental Health Division agree will best maintain the availability of viable community alternatives to state hospital use. With this funding and the vendor rate increase, total 1999-01 funding for the community mental health system will exceed the Fiscal Year 1999 level by approximately \$29 million (5.0 percent).

## ALCOHOL AND SUBSTANCE ABUSE

### **DRUG-AFFECTED INFANTS--\$3.1 MILLION GENERAL FUND-STATE, \$6.2 MILLION GENERAL FUND-FEDERAL**

The budget provides funding to reduce the prevalence of drug affected infants and improve the health and welfare of substance abusing mothers and their infants. The programs involve intensive case management, family planning and child development services, and expanded treatment and support services. Funding is included to expand the Parent-Child Assistance Program developed by the University of Washington.

## SERVICES FOR THE ELDERLY AND PHYSICALLY DISABLED

### **LONG-TERM CARE WORKER WAGE INCREASES -- \$18.4 MILLION GENERAL FUND-STATE, \$20.0 MILLION GENERAL FUND-FEDERAL**

Homecare worker wages are to be increased by 50 cents per hour in July, 1999, and by an additional 50 cents per hour in July, 2000. Most workers should see a 16 percent increase in their hourly compensation.

### **NURSING HOME RATE INCREASES -- \$12.6 MILLION GENERAL FUND-STATE, \$13.6 MILLION GENERAL FUND-FEDERAL**

Nursing home payment rates will increase by an average of 2.2 percent each year under the budget.

### **LONG-TERM CARE CASE MANAGERS -- \$3.0 MILLION GENERAL FUND-STATE, \$3.0 MILLION GENERAL FUND-FEDERAL**

Funding is provided to employ approximately 70 more state and Area Agency on Aging case management staff. This will result in a 15 percent increase in the ratio of Area Agency on Aging case managers to persons served. These staff will perform functions such as assessment and eligibility determination, care planning, service coordination, and monitoring of the delivery of in-home and community residential services.

### **VOLUNTEER CHORE SERVICES -- \$650,000 GENERAL FUND-STATE**

The budget provides a 25 percent increase in funding for the recruitment, training, and supervision of volunteers to assist senior and disabled citizens with transportation and household tasks.

### **LONG-TERM CARE OMBUDSMAN -- \$250,000 GENERAL FUND-STATE**

The budget provides a 15 percent increase in funding for the recruitment, training, and supervision of volunteers to monitor the quality of care and assist in the resolution of resident complaints in nursing homes and other long-term care facilities.

## OCCUPATIONAL SAFETY AND HEALTH

### **OCCUPATIONAL SAFETY AND HEALTH GRANTS PROGRAM - \$5.0 MILLION MEDICAL AID ACCOUNT**

Funding is provided to implement an occupational safety and health impact grants program. Grants will be awarded for workplace safety education and training, developing technical solutions to worker injury problems, the application of hazard controls, and innovative programs to address workplace safety priorities.

## HUMAN SERVICES VENDOR RATE INCREASE

### **HUMAN SERVICES VENDOR RATE INCREASE -- \$64.2 MILLION GENERAL FUND-STATE, \$68.5 MILLION OTHER FUNDS**

The budget provides a 2 percent vendor rate increase on July 1, 1999, and again on July 1, 2000. This cost of living increase will be provided to individuals and organizations who contract with several state agencies to provide certain social and health services.

---

# SALMON AND WATER

## ENSURE COORDINATION AND ACCOUNTABILITY

### **SALMON RECOVERY GRANT FUNDING -- \$30.8 MILLION SALMON RECOVERY ACCOUNT, \$89.1 MILLION OTHER FUNDS (CAPITAL BUDGET)**

New and existing funds for planning and projects related to salmon recovery are consolidated in the Salmon Recovery Account. These funds will be distributed to highest priority salmon restoration needs by the Salmon Recovery Funding Board created in 2E2SSB 5595. The Salmon Recovery Funding Board will fund projects for habitat, water quality, barrier removal, and planning, and will provide biennial reports to the legislature on project expenditures. The Board is also directed to develop proposed project lists for funding in the 2001-03 biennium.

## ENHANCE VOLUNTARY APPROACHES

### **WATERSHED PLANNING GRANTS -- \$4.0 MILLION GENERAL FUND-STATE, \$1.5 MILLION GENERAL FUND-FEDERAL**

The Watershed Planning Act of 1998 established a three phase-process to organize watershed planning groups, conduct watershed assessments, and develop recommendations for implementation. Funding is provided for all existing planning groups to complete the three planning phases, and for all watershed groups that have indicated an interest in planning to organize and conduct watershed assessments.

### **LEAD ENTITY GRANTS -- \$2.5 MILLION SALMON RECOVERY ACCOUNT**

Funding is provided for grants to lead entities established under the Salmon Recovery Act of 1998. Lead entities will identify potential salmon restoration projects and prioritize projects for implementation.

### **COMMERCIAL LICENSE BUY-BACK -- \$2.3 MILLION SALMON RECOVERY ACCOUNT, \$15.0 MILLION GENERAL FUND-FEDERAL**

In fiscal year 1998, the State provided a 25 percent match to federal funds appropriated for commercial license buyback. The Department of Fish and Wildlife purchased 391 commercial licenses, from more than 1,000 licenses offered for sale. Funding is provided in the Operating budget to continue the commercial license program in each fiscal year of the 1999-01 biennium. In addition, \$8.0 million in General Fund-Federal is provided in the Capital Budget to buy back commercial licenses for Washington based fishers who fish in Washington or Alaska.

### **SMALL LANDOWNER RIPARIAN EASEMENTS -- \$10 MILLION GENERAL FUND-FEDERAL (CAPITAL BUDGET)**

The state forest practices board is proposing revisions to the forest practices rules to protect salmon and water quality. The revised rules include increased setbacks from streams. Funding is provided to acquire riparian easements from small timber owners to mitigate the economic impact of the revised rules.

### **CONSERVATION RESERVE ENHANCEMENT PROGRAM -- \$5.0 MILLION STATE BUILDING CONSTRUCTION ACCOUNT (CAPITAL BUDGET)**

Funding is provided to continue the state's participation in the conservation reserve enhancement program (CREP). Under the CREP, the federal government pays agricultural landowners for long-term leases of riparian areas. State funds are used to match federal and private funds for riparian habitat enhancement in areas enrolled in the program.

### **WATER RIGHTS PURCHASE -- \$1.0 MILLION STATE BUILDING CONSTRUCTION ACCOUNT (CAPITAL BUDGET)**

Funding is provided for a pilot project to assess the effectiveness of water rights purchase for increasing the water in streams. The Department of Ecology will report on the program and make recommendations for continuation prior to the 2001-2003 biennium.

## **MAINTAIN STATE AGENCY CAPACITY**

### **FISH AND WILDLIFE ENFORCEMENT -- \$3.5 MILLION GENERAL FUND-STATE**

In 1998, the Department of Fish and Wildlife reduced the enforcement program due to federal funding reductions and a state Wildlife Account shortfall. Funding is provided to hire back 20 enforcement officers, to focus on enforcement of laws related to protection of fish habitat and illegal harvest of salmon and steelhead.

### **FOREST PRACTICES IMPROVEMENTS -- \$300,000 GENERAL FUND-STATE, \$4.3 MILLION SALMON RECOVERY ACCOUNT, \$12.0 GENERAL FUND-FEDERAL**

The Department of Natural Resources, timber industry, federal government, local governments, and tribes are in the process of negotiating changes to the state Forest Practices Rules. Changes include increased stream setbacks, changes to road maintenance and abandonment requirements, and increased monitoring. Funding is provided to the Department of Natural Resources, Department of Ecology, and Department of Fish and Wildlife to implement the revised rules.

### **LIMITING FACTORS ANALYSIS -- \$2.0 MILLION GENERAL FUND-STATE**

Under the Salmon Recovery Act of 1998, the Conservation Commission began analyzing the limiting factors to salmon recovery. Funding is provided to complete the analysis in each region. Information will be entered into a database that will overlay salmon presence with limiting factors such as barriers or degraded habitat, to help guide future project and funding decisions.

### **WATER RIGHT DECISION MAKING -- \$1.7 MILLION GENERAL FUND-STATE**

Loss of dedicated funds will reduce the Department of Ecology's water rights program to four staff working on processing water rights applications. As watershed plans are completed, local watershed groups will request that the department to begin issuing water right decisions. Funding is provided to backfill the reductions due to a loss of dedicated funds, and to add staff to reduce the water rights decision backlog.

### **TECHNICAL ASSISTANCE -- \$700,000 GENERAL FUND-STATE, \$3.5 MILLION SALMON RECOVERY ACCOUNT; \$1.0 MILLION GENERAL FUND-FEDERAL**

Local governments and volunteer groups have an increasing need for technical assistance in the areas of water quality, water resources, and habitat restoration. Funds are provided to the Conservation Commission, Department of Ecology, and Department of Fish and Wildlife for coordinated technical assistance related to salmon recovery.

# PROTECTING COMMUNITIES AND ADDRESSING PUBLIC SAFETY NEEDS

## DEPARTMENT OF CORRECTIONS

### **OFFENDER ACCOUNTABILITY ACT -- \$8.3 MILLION GENERAL FUND-STATE**

The budget provides funding for E2SSB 5421, which makes a variety of changes to the supervision of offenders in the community. Specific changes include:

- Expands the offenders subject to departmental supervision to include all persons convicted of a sex offense, violent offense, crime against a person or felony drug offense;
- For crimes committed on or after July 1, 2000, makes all felony offenders subject to departmental supervision fall under “community custody” status, which allows both the court and the Department of Corrections (DOC) to set affirmative conditions of supervision and enforce those conditions;
- Requires DOC to adopt and use graduated sanctions for violators and creates an administrative hearings process for review of the use of those sanctions;
- Authorizes DOC to contract with county clerks or other entities for collection duties associated offenders under supervision for unpaid debt;
- Reduces the length of supervision for offenders under the First Time Offender Waiver from one year to two years, or the end of treatment conditions not to exceed two years;
- Allocates community resources based on risk of individual offenders to re-offend.

### **ADDITIONAL COMMUNITY SUPERVISION ENHANCEMENTS -- \$4.0 MILLION GENERAL FUND-STATE**

In addition to staff and other resources provided in the funding for the Offender Accountability Act, the budget provides funding for additional community corrections officers (CCO) and associated staff based on a new workload study, which indicates that the hours the average CCO has available to supervise offenders has been reduced in recent years.

### **OFFENDER BASED TRACKING SYSTEM REPLACEMENT PHASE 1 -- \$2.3 MILLION GENERAL FUND-STATE, \$5.2 MILLION PUBLIC SAFETY AND EDUCATION ACCOUNT STATE**

Since 1984, the Offender Based Tracking System (OBTS) has been the primary information system used by the department to achieve its mission. OBTS services over 5,000 users who supervise 14,500 incarcerated offenders and more than 50,000 offenders in the community. A feasibility study recommended replacing the system using four build-and-implement phases. Each phase will provide measurable benefits through full production use before the next phase begins. This step funds the first phase, which will be completed in the 1999-01 biennium.

### **STAFFING EFFICIENCIES AND QUALITY INITIATIVES -- \$10.2 MILLION GENERAL FUND-STATE SAVINGS**

In their 7 percent budget reductions presented to the Governor, the department identified a variety of steps that could result in significant cost savings. The steps include: further cost-containment efforts around health care and food services; facility highest and best use analysis; regionalizing business operations; implementing a non-custody staffing model; and consolidating administrative functions at certain facilities. The budget assumes that the department will implement these and other measures to achieve savings.

## DEPARTMENT OF SOCIAL AND HEALTH SERVICES

### **SECURE PLACEMENTS FOR PERSONS WITH DEVELOPMENTAL DISABILITIES -- \$1.9 MILLION GENERAL FUND-STATE, \$2.0 MILLION GENERAL FUND-FEDERAL**

Funding is provided to develop intensively-supervised residential placements for 48 persons with developmental disabilities who have a history of arson, or of physically or sexually abusive behaviors.

**REINSTATE JUVENILE PAROLE SERVICES -- \$2.4 MILLION GENERAL FUND-STATE, \$356,000 GENERAL FUND-FEDERAL**

Funding is provided to resume parole services for lower risk offenders. The Washington State Institute for Public Policy is directed to study the outcomes of lower risk offenders who receive parole services compared to those who do not. The results of that study will be used to decide if parole services will be revised or continued for lower risk offenders. (General Fund-State, General Fund-Federal).

**POTENTIALLY DANGEROUS MENTALLY ILL OFFENDERS -- \$1.2 MILLION GENERAL FUND-STATE, \$0.5 MILLION GENERAL FUND-FEDERAL**

Substitute Senate Bill 5011 seeks to improve the coordination and delivery of services to persons being released from state prisons who pose a potential danger to themselves or others because of a mental illness. The budget provides funding for improved pre-release screening and planning for such offenders; and for expanded post-release mental health and community re-integration services.

## **LOCAL PUBLIC SAFETY INITIATIVES AND FUNDING ASSISTANCE**

**IMPACTS OF BECCA LEGISLATION--\$2.3 MILLION GENERAL FUND-STATE**

In combination with the implementation of truancy board legislation and increased motor vehicle excise tax distributions to counties under Referendum 49, this additional funding will assist counties in responding to the increasing number of truancy, child in need of services (CHINS), and at-risk youth (ARY) petitions filed since the implementation of the Becca Bill.

**FIRE FIGHTER TRAINING -- \$2.9 MILLION FIRE SERVICE TRAINING ACCOUNT**

Funding is provided for the implementation of 2SSB 5102 (fire fighter training), which requires the Washington State Patrol to implement a plan for providing basic level (fire fighter I training) to full-time and volunteer fire fighters throughout the state. The actual implementation plan for providing the training will be developed by State Fire Protection Policy Board.

**ENHANCED CRIMINAL JUSTICE TRAINING -- \$2.4 MILLION PUBLIC SAFETY AND EDUCATION ACCOUNT STATE**

Funding is provided for the Criminal Justice Training Commission to expand the Basic Law Enforcement Academy from 469-hours to 720-hours. The expansion will allow CJTC to provide additional hours of instruction in such areas as, firearms, defensive tactics, criminal procedures, community policing, and domestic violence. Additionally, the budget provides funding for increased costs associated with providing supervisory and management training to local law enforcement personnel.

**PROACTIVE METH LAB RESPONSE TEAM -- \$764,000 PUBLIC SAFETY AND EDUCATION ACCOUNT, \$200,000 STATE AND FEDERAL SEIZURE ACCOUNTS**

Funding is provided for a full-time methamphetamine response team consisting of seven detectives, one sergeant, and a clerical support staff person. The team will respond to, secure, and process hazardous clandestine methamphetamine labs, collaborate with other law enforcement agencies, and provide methamphetamine training to police, emergency medical personnel, and others whose jobs put them at risk of coming into contact with methamphetamine labs or users.

**TASK FORCE ON MISSING AND EXPLOITED CHILDREN -- \$430,000 PUBLIC SAFETY AND EDUCATION ACCOUNT, \$290,000 FEDERAL BYRNE GRANT**

Funding is provided for the implementation of 2SSB 5108 (missing/exploited children - the "Teekah Lewis" bill), which establishes a Task on Missing and Exploited Children in the Washington State Patrol. Upon request, the task force will provide direct case management, technical assistance, training, information sharing, and other services to local law enforcement in cases involving missing and exploited children.

**COMMUNITY JUVENILE ACCOUNTABILITY ACT GRANTS -- \$2.3 MILLION GENERAL FUND-STATE, \$177,000 JUVENILE ACCOUNTABILITY INCENTIVE ACCOUNT-FEDERAL**

Chapter 338, Laws of 1997 (E3SHB 3900) established the Community Juvenile Accountability Act (CJAA) grant process. The grants are intended to be an incentive to local communities to implement interventions proven by research to be effective in reducing recidivism among juvenile offenders. The Juvenile Rehabilitation Administration's base budget contains \$5 million in funding for the CJAA grants. An additional \$2.5 million is provided to expand the number and types of CJAA grants.

**NEW JUVENILE CRIME PREVENTION PROGRAM -- \$1.0 MILLION GENERAL FUND-STATE**

The budget creates a new juvenile crime prevention program. Several existing grants (including mentoring, Team Child, Skagit County Delinquency Prevention Project and federal Byrne programs) are consolidated into the new program and \$1 million is added.

# HOUSING AND THE HOMELESS

## TRANSITIONAL SUPPORT

### **TRANSITIONAL HOUSING -- \$5.0 MILLION GENERAL FUND- STATE**

Funding is appropriated to provide grants to operate transitional housing for homeless families with children. These funds may also be used to make partial rental assistance payments.

### **HOMELESS SHELTER OPERATIONS -- \$2.5 MILLION GENERAL FUND-STATE**

Additional funding is provided for the support and operation of shelters for homeless families with children. Resources are provided for grants to run, repair, and staff these facilities.

### **ASSISTANCE TO WORKFIRST-ELIGIBLE CLIENTS -- \$10.0 MILLION GENERAL FUND-FEDERAL**

Families eligible for services in the WorkFirst program will have the ability to access housing support to obtain and keep stable housing. Resources are included for WorkFirst eligible families to avoid entering the welfare caseload.

## YOUTH RESOURCES

### **HOPE ACT (STREET YOUTH SHELTER AND SKILLS DEVELOPMENT) -- \$3.0 MILLION GENERAL FUND-STATE, \$311,000 GENERAL FUND-FEDERAL**

Funds are provided to develop short-term housing for homeless teenagers in "Hope Centers" and long-term housing in "Responsible Living Skills Centers," where teens will learn self-sufficiency skills. Funding for chemical dependency assessments and treatment is provided through the Division of Alcohol and Substance Abuse. The Washington State Patrol will facilitate communication with the Missing Children's Clearinghouse, and the Washington Institute for Public Policy will conduct a study to review the effectiveness of the program.

## FARMWORKER SUPPORT

### **TECHNICAL ASSISTANCE TO FARMWORKER HOUSING DEVELOPERS -- \$100,000 GENERAL FUND-STATE**

Funding is provided to DCTED to establish a "one-stop" clearing house to coordinate state assistance for farmworker housing development to local governments, nonprofits, and other developers and authorities.

### **TECHNICAL ASSISTANCE TO LOCAL COMMUNITIES FOR FARMWORKER HOUSING INFRASTRUCTURE -- \$160,000 PUBLIC WORKS ASSISTANCE ACCOUNT**

Funding is provided through the Public Works Board to facilitate infrastructure support for farmworker housing.

# GOVERNMENTAL OPERATIONS

## **DISASTER RECOVERY ACTIVITIES -- \$19.0 MILLION DISASTER RESPONSE ACCOUNT-STATE, \$94.7 MILLION DISASTER RESPONSE ACCOUNT-FEDERAL**

The budget provides state matching funds required for Federal Emergency Management Agency (FEMA) assistance for repairing the damages caused by storms, floods, and landslides that have occurred in recent years, including Washington state's seven current FEMA declared disasters.

## **EMERGENCY SERVICES READINESS CENTERS -- \$3.0 MILLION GENERAL FUND-STATE**

The Capital budget provides funding for emergency services readiness centers in Bremerton, Yakima and Spokane. The Military Department will determine levels of funding for each center based on the needs at each site. It is anticipated that in the future, federal funding will be available to support some of the necessary improvements to these facilities.

## **EMERGENCY FOOD ASSISTANCE -- \$2.0 MILLION GENERAL FUND-STATE**

Funding is provided to enhance the Emergency Food Assistance Program in the Department of Community Trade and Economic Development (DCTED). These funds are provided as cash assistance to foodbanks.

## **JUDICIAL INFORMATION SYSTEM -- \$11.6 MILLION JUDICIAL INFORMATION SYSTEM ACCOUNT**

Funding is provided for the continued maintenance, improvements and upgrades to the judicial information system. Specific items include an upgrade to the JIS mainframe and other computer equipment, disaster recovery improvements, and the hiring of additional information technology maintenance staff.

## **COURT OF APPEALS -- \$826,000 GENERAL FUND-STATE**

Funding is provided for a new judge and associated support staff in Division II of the Court of Appeals located in Tacoma. Funding is also provided for the hiring of five additional non-judicial staff in the three divisions of the Court of Appeals.

## **INDIGENT DEFENSE ATTORNEY FEE INCREASE -- \$558,000 PUBLIC SAFETY AND EDUCATION ACCOUNT**

The budget provides funding to the Office of Public Defense for increasing the reimbursement for private attorneys providing indigent defense services in non-death cases at the appellate court level.

## **RURAL ECONOMIC DEVELOPMENT-\$1.0 MILLION GENERAL FUND-STATE**

Funding is provided to the DCTED to establish a flexible grant program for planning and systems development activities to facilitate rural economic development projects.

## **MUSEUM COLLECTION SUPPORT AND GROWTH -- \$1.1 MILLION GENERAL FUND-STATE**

Funding is provided to allow Spokane's Cheney-Cowles museum to relocate collections during construction of an addition to the museum beginning in July 1999. Funding is also included to support increased building maintenance costs after the new space is added.

## **SUPPORT FOR THE ARTS -- \$750,000 GENERAL FUND-STATE**

Based upon the recommendations of the Governor's Blue Ribbon Arts Task Force, \$250,000 is provided for the first year of the biennium for grants to arts organizations, development of a strategic plan, the Arts in Education program, and for new arts programs in underserved communities. The remaining funds will be released during the second year, upon completion of the agency's strategic plan.

## **DEPARTMENT OF REVENUE ELECTRONIC FILING SYSTEM (ELF) -- \$1.2 MILLION GENERAL FUND-STATE**

Funding is provided for the Department of Revenue's Electronic Filing System. The Department is implementing a system that will allow businesses to file and pay their tax returns over the Internet. The Department estimates that 35,000 taxpayers will use the system by the end of Fiscal Year 2000.

# 1999 SUPPLEMENTAL OPERATING AND CAPITAL HIGHLIGHTS

---

## CAPITAL APPROPRIATIONS

### **SCHOOL CONSTRUCTION SHORTFALL IN 1999-01-- \$39.3 MILLION GENERAL FUND-STATE**

General fund support for school construction is provided to supplement common school trust timber revenues. Timber revenues are expected to strengthen in future biennia and the long-term plan for school construction anticipates the need for additional state bond support.

### **COMMUNITY COLLEGE PRESERVATION AND REPLACEMENT OF PORTABLE BUILDINGS-- \$30 MILLION GENERAL FUND-STATE**

Funds are provided for statewide preservation projects and for replacement of obsolete portable buildings.

### **WSU TRUST FUND -- \$20 MILLION GENERAL FUND-STATE**

Funds are provided in anticipation of a settlement agreement regarding past deductions from WSU trust revenues to pay for trust lands management costs. The settlement agreement will provide for a total settlement amount of \$36 million, which includes this appropriation, to be paid by June 30, 2005. The settlement agreement shall be executed by June 30, 1999.

### **SCHOOL CONSTRUCTION SHORTFALL IN 1997-99-- \$13.8 MILLION GENERAL FUND-STATE**

Funds are provided to address a school construction shortfall in the current biennium. These funds will allow all currently authorized school projects to continue on schedule.

## OTHER ONE-TIME ADJUSTMENTS

### **SOCIAL SERVICES BLOCK GRANT SHORTFALL -- \$16.7 MILLION GENERAL FUND-STATE**

The actual Social Services Block Grant (SSBG) for FY 1999 was below the amount budgeted. SSBG funds are used for a variety of programs that would otherwise require general fund—state appropriations. This item compensates for the lower level of the federal grant and restores FY 1999 funds expended during FY 1998.

### **DISASTER RECOVERY FUNDING -- \$10.2 MILLION GENERAL FUND-STATE**

The supplemental budget provides funding for disaster recovery costs associated with the state's current Federal Emergency Management Agency declared disasters, including the Kelso landslide and Northeast counties flooding. Included in this funding is an appropriation of \$7.3 million General Fund-State to the Disaster Response Account for the state share of future disaster recovery costs.

### **EMERGENCY FIRE SUPPRESSION -- \$6.4 MILLION GENERAL FUND-STATE**

Additional funding is provided to the Department of Natural Resources to pay for Emergency Fire Suppression activities incurred during the 1998 wildfire season.

### **FAIR FUNDING -- \$6.0 MILLION GENERAL FUND-STATE**

A one-time appropriation is provided to the Fair Fund to provide revenue for the next three fiscal years while the pari-mutuel tax is temporarily eliminated.

### **PORTAL LAWSUIT -- \$4.8 MILLION GENERAL FUND-STATE**

Thurston County Superior Court and the Court of Appeals have ruled that the 1993 decision by the Legislative and Executive branches to close the state-operated transitional living and vocational skills training program in Sedro-Woolley (PORTAL) violates the Department of Social and Health Services' collective bargaining agreement with the Washington Federation of State Employees. Funding is provided to cover the cost of paying back-wages and benefits to the 61 permanent employees who were affected by the closure, as ordered by the courts.

### **DEVELOPMENTAL DISABILITIES ENDOWMENT -- \$4.0 MILLION GENERAL FUND-STATE**

Funding is provided to the Department of Community, Trade, and Economic Development to implement Substitute Senate Bill 5693, which establishes a mechanism through which public funds will match private contributions in order to provide long-term care for persons with developmental disabilities.

---

**NEXT GENERATION INTERNET -- \$3.5 MILLION GENERAL FUND-STATE**

Next Generation Internet - Funding is provided for the extension of the next generation Internet gigabit point of presence hub (gigapop). Funding is also provided for additional computer science faculty members expert in next generation telecommunications, digital multimedia, and immersive network environments.

**APPROPRIATION TO DISASTER RESPONSE ACCOUNT -- \$3.0 MILLION GENERAL FUND-STATE**

A \$3 million appropriation is made to the Disaster Response Account in order to establish a fire contingency fund for fire mobilization or fire suppression costs in excess of the amounts appropriated for this purpose.

**LOCAL FIRE MOBILIZATION SUPPORT -- \$1.4 MILLION GENERAL FUND-STATE**

The state has the authority to mobilize local government and state agency fire fighting capability when a wildfire exceeds a local jurisdiction's ability to respond. Funding is provided to reimburse state agencies and local governments for costs incurred in eight mobilizations, which occurred during the summer of 1998.

**NATURAL AREAS FUNDING -- \$1.1 MILLION GENERAL FUND-STATE**

Funding is provided for on-the-ground site management of Department of Natural Resources natural areas, to match funding pledged by the Nature Conservancy. Funds will be used to improve public access, control invasive weeds, and inventory key plants and animals.

**EMERGENCY FOOD EQUIPMENT STORAGE -- \$1.0 MILLION GENERAL FUND-STATE**

Funding is provided to assist food banks with the changing nature of food contributions. Increased donations of fresh and frozen foods require the acquisition of warehouse and refrigerated storage space.

**DEPARTMENT OF FISH AND WILDLIFE INFORMATION SYSTEMS -- \$500,000 GENERAL FUND-STATE**

A management study of the Department of Fish and Wildlife recommended immediate upgrades to the department's information systems. Funding is provided for critical hardware upgrades.

# Summary of the 1999-01 Capital Budget (SHB 1165) & Legislation

Prepared by the House Fiscal Committees.

## 1999-01 Capital Budget Highlights

The 1999-01 Capital Budget was enacted as Chapter 379, Laws of 1999, Partial Veto (SHB 1165). Governor Locke's partial veto eliminated the section on salmon recovery and two language provisions. Chapter (2E2SSB 5595), Laws of 1999 restored the funding for salmon recovery vetoed in the capital budget. The legislation authorizing the issuance of bonds to finance the bonded portion of the capital budget was enacted as Chapter 380, Laws of 1999 (SHB 1166).

The Capital Budget totals \$2.299 billion with \$987.3 million of that total supported by state bonds that are subject to the 7% debt limit. The remaining \$1.3 billion balance of the budget is financed by a variety of cash sources and other bonds that are not subject to the state debt limit. Bonds are subject to the 7% debt limit if the principal and interest payments on the bonds are paid from the state general fund. There is a total of \$161 million in the category of bonds not subject to the state debt limit. These bonds include: 1) \$36.3 million for a new WSU Spokane Health Science building, funded from the interest earnings from the Agricultural lands trust; 2) \$44.8 million for a new UW law school building, funded from the lease revenues from the Metropolitan Tract; and 3) \$80 million for improvements to the UW medical center, funded from hospital operating income.

Some of the larger cash sources used to fund the capital budget include: Common School Construction Account (\$326 million); Public Works Trust Fund (\$213 million); Federal Funds (\$121 million); State Water Quality Account (\$60 million); Timber Trust Revenues (\$73 million); and Water Pollution Control Revolving Account (\$79 million).

The 1999-01 Capital Budget provides a moderate growth in capital expenditures over the previous biennium while staying within the guidelines of the 7% debt limit. The state-bonded portion of the budget increased 7.8% over the prior capital budget. A growing concern in the decision on the level of state bonds is maintaining an affordable growth rate in the debt service payments supported by the state general fund. A goal is to have the principal and interest payments supported by the state general fund to be within the spending growth rate under Initiative 601. The other funds category grew at a higher rate than the bonded portion of the budget. The other funds category increased by about 26% over the previous capital budget. The high growth rate in this category was due, in part, to the increase in federal money for salmon recovery efforts and the use of non-debt limit bonds for the University of Washington.

### Capital Budget Appropriations Dollars in Millions

	<b>1993-95</b>	<b>1995-97</b>	<b>1997-99</b>	<b>1999-01</b>
State Bonds	940	795	915	987
Other Funds	<u>713</u>	<u>843</u>	<u>1,032</u>	<u>1,304</u>
Total	1,653	1,638	1,947	2,291

### **Increase the State's Commitment to Low-Income Housing**

Approximately \$80 million is provided to housing for low-income and special needs people, housing for homeless children and their families, and housing for farm workers. This is a significant increase over past capital budget proposals.

Housing Trust Fund	\$61.8 million
Farm Worker Housing	8.0
Homeless Children	5.0
Convention Center Mitigation	<u>5.0</u>
Total	\$79.8 million

### **Restore and Repair Community and Technical College Buildings**

\$229 million is provided for major renovations, construction and restoration of community and technical college buildings. This budget reflects an increase of more than 33% from the previous capital budget appropriations. These funds include \$64.4 million for roof, facility, and site repairs and minor improvements and \$18 million to replace dilapidated portable classroom buildings.

### **School Construction**

\$326 million is provided to construct and renovate buildings for the State's public school system. This amount will fully fund all the anticipated requests from school districts for the state matching share of school construction projects. \$10 million of this amount is to improve construction management techniques to provide better quality and value to school buildings.

The total appropriation is supported by a variety of fund sources: \$78 million from timber revenues; \$39 million from the 1999 supplemental operating budget; \$138 million from the end of the year operating budget savings from state agencies; \$59 million from the Trust Land Transfer program; and \$11 million from interest earnings.

### **Salmon Recovery Program**

\$137 million is provided to respond to the listing of salmon and steelhead under the federal Endangered Species Act. These funds will be allocated to a variety of projects across the state to remove fish passage barriers, restore fish habitat, reduce pollution, and provide more water for fish to survive. This program will also build partnerships with local communities by providing grants in a coordinated way to better use limited resources to help restore the salmon. The Governor vetoed the original capital budget appropriation for salmon recovery so the Legislature could resolve differences on which organization would allocate the money and how the money would be allocated. Those differences were resolved in the special session and the money was restored with the passage of 2E2SSB 5595.

### **Higher Education**

\$524 million is provided for the university system to increase access to higher education through expansion of branch campuses and construction and modernization of buildings at the existing four year university campuses.

The expansion of the branch campuses includes: 1) UW Bothell and Cascadia Community College (\$100.2 million); 2) UW Tacoma (\$36.9 million); WSU Spokane (\$36.5 million); and WSU Vancouver (\$27.2 million).

Major new construction and modernization projects include: 1) UW Law School (\$69 million); UW Suzzallo Library (\$39 million); WSU Teaching and Learning Center (\$29 million); EWU Monroe Hall (\$11 million); CWU Lynnwood Center (\$17 million); CWU design for a new music building (\$3 million); WWU Campus Services Building (\$10 million); and WWU design for a new Communications Building (\$4 million).

The capital budget also authorizes \$1 million for the creation of a new innovative education center, made up of a consortium of two and four-year institutions, to provide higher education degree programs in Everett.

### **Human Services**

The 1999-01 biennial capital budget provides funding for the redevelopment and expansion of the state's prison system in order to accommodate the growing inmate population. The Department of Corrections (DOC) received funds for the completion of the 1,936-bed Stafford Creek Corrections Center in Grays Harbor County (\$22.4 million). Other major new construction projects include: 1) expansion of the Special Offenders Center at the Monroe Correctional Complex (\$38.8 million); and 2) construction of Mental Health, Special Needs, Reception and Youthful Offender Program space at the Washington Corrections Center for Women in Purdy (\$23.3 million). In addition, the DOC received design funds for a 512-bed expansion at the Twin Rivers Corrections Center to be constructed in future biennia.

The Legislature also appropriates funds for the construction of a new Legal Offender Unit at Western State Hospital (\$43.9 million) and design of a new Special Commitment Center at McNeil Island.

### **Preservation of Existing State Buildings**

The budget provides more than \$400 million for the repair and preservation of state owned facilities of which \$290 million is supported by debt limit bonds. Approximately 30 percent of the state debt limit bond appropriation is dedicated to preservation of existing buildings.

### **Developing Local Infrastructure**

\$913 million provides infrastructure for local governments through a variety of grant and loan programs. Improving the infrastructure has been an important element in economic development and continues to be a high priority for the capital budget. Local infrastructure is often viewed as roads and water systems. However, State assistance extends beyond these basic services to include recreation, social service, cultural and heritage facilities.

#### **State Parks and Washington Wildlife and Recreation**

\$138 million is provided to improve public access to recreation and preserve open space and habitat for wildlife. \$27.8 million is to preserve historic facilities and develop new recreation opportunities at state parks. \$48 million, funneled through the Washington Wildlife and Recreation Program, will provide new state and local parks, build trails, provide water access and preserve critical wildlife habitat. \$66 million is used to transfer sensitive and unharvestable timber lands from school trust status to recreation and habitat purposes. This program called Trust Land Transfer will generate approximately \$59 million of revenues to the school construction account.

### **Projects Funded by Alternative Financing Contracts (COP's)**

In addition to appropriations for capital projects, the budget authorizes state agencies to enter into financial contracts for acquisition of land and facilities and to enter into long-term lease agreements. 31 projects are authorized totaling \$104 million.
